Cranleigh  
Surrey

**Project Brief**

In consultation with Boundstone, Thermotec were asked to provide a complete design and installation scheme, in compliance with the latest environmental and technological heating systems.

**Scope of Works**

Thermotec carried out the supply and installation of Underfloor heating using our TPA17 Aquafloor grooved renovation floating floor heating system and controls to suit. The project was managed, installed and supervised by Thermotec, and was delivered on time and within budget.

**Project Value:** £2M

**Project Details**

Boundstone have created this magnificent house built with traditional genuine oak frame throughout, extending to some 3000 sq. ft. It has been designed to replicate the Elizabethan era, complementing the adjoining house set in approximately half an acre, with extensive landscaping.

300 m<sup>2</sup>

#### Aquafloor Installation

- 1 Moulded and foiled EPS insulation
- 2 Aquaflow heating pipe
- 3 Timber flooring
- 4 Solid sub-floor

Unsurpassed in logistics and project planning.  
Assured quality installations for the mechanical and electric sector.
